

**PRINCIPAL FUNCTIONING AGENTS:**

Modified Seed Oil, Alkylphenol Ethoxylate, Methylated Silicones ...99.7%  
 Constituents ineffective as adjuvant.....0.3%  
 TOTAL.....100%  
 Contains 84% Modified Vegetable Oil

**KEEP OUT OF REACH OF CHILDREN  
 WARNING**

Do not take internally. Avoid skin and eye contact. Read and follow all label directions and cautions on all products used.

**FIRST AID**

**Call a poison control center or doctor immediately for treatment advice.** Have the product container with you when calling a poison control center or doctor, or going for treatment.

**IF IN EYES:** Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do then continue rinsing. If eye irritation persists: Get medical advice or attention.

**IF ON SKIN OR CLOTHING:** Take off contaminated clothing and wash it before reuse. Wash with plenty of soap and water for several minutes. If skin irritation occurs: Get medical advice or attention.

**IF SWALLOWED:** Unless advised otherwise by a poison control center or doctor, have person rinse mouth with water, if able. Do not give anything by mouth to an unconscious person

**IF INHALED:** Remove victim to fresh air and keep at rest in a position comfortable for breathing. If person is not breathing, call 911 or an ambulance, and then give artificial respiration, preferably mouth to mouth if possible.

**GENERAL INFORMATION**

**SUPREME** is a superior combination of modified vegetable oil with organosilicone and other emulsifiers to improve wetting, spreading, and absorption of pesticides.

**SUPREME** increases deposition of spray droplets and enhances pesticide performance by improving penetration of the active ingredient into foliage resulting in more effective weed control.

**SUPREME** may be used for aquatic or terrestrial applications such as agricultural crops, forestry, industrial, right-of-way, pasture, rangeland, turf and other sites recommending the use of an oil adjuvant.

**SUPREME** is designed as a tank mix additive for use with any pesticide that requires or recommends the use of an oil including Chopper® Gen2™. **SUPREME** meets ASTM standards, and all pesticide manufacturer's label requirements, for a modified vegetable oil or MSO.

**DIRECTIONS FOR USE**

**SUPREME** may be applied by ground or air. Add **SUPREME** to spray tank last, after all pesticides and other additives.

**Ground:** Above 5 gallons per acre. Use 1 to 4 quarts per 100 gallons.

**Ground and Aerial Applications:** Below 5 gallons per acre. Use 1.5 to 4 ounces per acre with a minimum of 0.25% v/v concentration. In aerial applications greater than 5 gallons per acre, maintain at least 0.25% v/v concentration.

The lower end of the rates may be used under ideal conditions for weed control. The higher rates will be necessary when dry weather, mature weeds or other factors make control more difficult.

The application rates on this label are based on pesticide labels, which recommend the use of a methylated seed oil, modified seed oil, seed oil, modified vegetable oil or crop oil additives. Always follow the directions on the pesticide label.

The concentration of this product must never exceed the pesticide manufacturer's recommended rate.

**NOTE:** Before using **SUPREME**, the user; applicator or advisor must have experience with the combination or must have conducted a phytotoxicity trial and compatibility (jar) test.

**HANDLING AND STORAGE**

Store in a cool well-ventilated place. Keep in original container tightly closed. Do not reuse empty container. Do not store with food, feed, or other material to be used or consumed by humans or animals. Do not contaminate water supplies. For optimal storage, store between 40° and 90° F.

**CONTAINER DISPOSAL**

Do not contaminate water, food or feed by storage or disposal. Dispose of contents / container to an approved waste disposal facility in accordance with all federal, state and local regulations. Triple rinse (or equivalent) adding rinse water to application tank. Offer container for recycling or dispose of in a sanitary landfill or by other procedures approved by local regulations. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit the ACRC web page at [www.acrecycle.org](http://www.acrecycle.org).

**WARRANTY**

Red River warrants that this product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with directions under normal conditions of use, but neither this warranty nor any other warranty of merchantability or fitness for a particular purpose, expressed or implied, extends to the use of this product contrary to the label instruction, or any abnormal conditions, or under conditions not reasonably foreseeable to Red River, and buyer assumes the risk of any such use.
